Legendary Sports Prints Assists Charity Participates in Connecticut Sports Foundations Fundraiser

Plantsville, CT – February 8, 2008 – Legendary Sports Prints (LSP) is proud to announce that it has supported the efforts in raising funds for the Connecticut Sports Foundation for Cancer (CSF) worthy causes. CSF's mission is to provide economic assistance and compassionate aid to Connecticut cancer patients and their families and raise funds for cancer research.

At CSF's Annual Celebrity Dinner and Memorabilia Auction, which honored former Yankee great Don Mattingly, LSP provided several pieces from its popular sports art collection to be auctioned off with all of the proceeds going to CSF. In addition, CSF utilized reproductions of LSP's classic sports image of Don Mattingly hitting his final home run as a Yankee as part of its gift to select donors.

"LSP is honored to be affiliated with the Connecticut Sports Foundation and to help in raising funds for their noteworthy cause of assisting cancer patients", said Mr. Robert Glick, LSP's President and co-founder. "The artwork from Legendary Sports Prints was well received by those attending our annual dinner", said Ms. Jane Ellis, CSF's Executive Director. "Their artwork of Don Mattingly proved to be both timely and a great addition to our overall night", she added.

About Connecticut Sports Foundation for Cancer

Connecticut Sports Foundation Against Cancer provides grants for living expenses and medical care to struggling cancer patients. We do this with help from individual and corporate sponsorships, as well as fundraising events such as our Annual Celebrity Dinner & Memorabilia Auction. Our mission is simple, to reach out to as many families impacted by cancer with much needed financial assistance. In addition to assisting individuals, CSF has funded cancer research at Memorial Sloan-Kettering Cancer Center in New York. CSF's donation was applied toward enhancing the Center's ongoing research into the interaction of radiation and tamoxifen, an anti-estrogen hormone used widely in the treatment of breast cancer patients. Additional information is available at CSF's website www.sportsfoundation.org.
