Legendary Sports Prints To Expand Its Production Facility

Plantsville, CT – February 11, 2009 – Legendary Sports Prints (LSP) has announced that it has leased approximately 3200 sq. ft. of new space that will serve as its production and distribution facility. LSP has outgrown its existing office space and was in need of providing adequate space for its growing operations. Financial terms of the lease were not disclosed.

“While in a very difficult operating environment, LSP was opportunistic and secured additional space to better prepare for increased volumes as the economy recovers, either later this year or next”, said Mr. Vincent Furfaro, LSP’s CEO and co-founder. “While many organizations are reining in all expenses, we continue to make prudent investments that will allow us to better compete in the marketplace,” Mr. Furfaro added.

The new facility, located in a suburb of Philadelphia, PA, will be used to create, store and distribute our increasing line of wall décor. It is further anticipated that we will create a Showcase Room within this new facility where LSP can proudly display many of its products to corporate and chain store buyers.
